

## **PUBLIC HEARING NOTICE**

The City of Kalona will be holding a Public Hearing to review an application for a State Revolving Fund (SRF) loan and to make available to the public the contents of an environmental information document and the City's project plan. These documents include design and environmental information related to the proposed improvements to the City's wastewater treatment system.

The proposed project includes a complete upgrade of the existing lagoon system to an aerated lagoon system and the addition of supplemental treatment in the form of a fixed film reactor (submerged attached growth reactor) to meet E. coli and ammonia nitrogen limits. The project will also include installation of disinfection and all necessary connections and appurtenances. The work will be within the footprint of the existing facility and includes relocation of existing forcemains and discharge pipe.

The purpose of this Public Hearing is to inform area residents of the community of Kalona of this proposed action, discuss the actual cost and user fees associated with this project, and to address citizen's concerns, if any, with the plan.

The Public Hearing location and time are as follows:

JUNE 15, 2026 AT 6:00 PM  
KALONA COMMUNITY CENTER – CITY HALL  
511 C AVENUE  
KALONA, IOWA 52247

All interested persons are encouraged to attend this hearing. Written comments on this proposal may also be submitted prior to the hearing. Questions regarding this hearing or the availability of documentation may be directed to the City Administrator, Ryan Schlabaugh, at 319-565-2310. Additionally, public comments can be sent to [SRF-PC@dnr.iowa.gov](mailto:SRF-PC@dnr.iowa.gov).
